

REFRESH: Scaling up recycling technologies for wind turbine blades

Online workshop, 17th November 2025, 14:00-15:35 CET

Programme

Time	Topic	Presenter
14:00	Welcome and introduction to REFRESH	Daniel Grisenti, REFRESH project coordinator, RINA Consulting
14:10	Smart blade cutting	Jean-Baptiste Strehaiano, Wind Power Business Manager, ETAT9
14:20	Shredding and sorting technologies	Dr Guilhem Grimaud, Leader Eco-Innovation, MTB Group
14:30	Mechanical recycling	Giorgio Betteto, R&D CTO, Gees Recycling
14:40	Advanced thermal recycling	Marcin Rusin, CEO, Gjenkraft
14:50	MW-assisted pyrolysis	Dr Ignacio Julián, Microwave Technology Manager, CIRCE Technology Centre
15:00	Thermochemical treatment of dust and fines	Jan Kašpar, CTO, Enecolab
15:10	Blade circularity: the regulatory challenges	Raphaël Pleyne, Managing Director, EuCIA
15:20	Q&A session	
15:35	Wrap up and close	Daniel Grisenti

Co-funded by
the European Union

REFRESH has received funding from the European Union's Horizon Europe research and innovation programme under grant agreement no. 101096858.
